

PERSONAL PRODUCTS MINISTRY

CUMC is honored to introduce a new ministry providing home and personal care essentials.

With nearly 2 million people on food assistance in NYC alone, families are struggling to put food on the table. Food assistance does not include many of the essential items people need to be clean and healthy. We all want to feel good about ourselves and our homes. Personal products help to promote well-being.

CUMC has long supported our local food pantries. These pantries sporadically provide home and personal effects due to the lack of room and donations. CUMC has been called to launch a Personal Products Pantry.

Over the winter months we will be collecting **FULL-SIZED** home and personal products listed below and hope to open our doors next Spring:

- ◆ Shampoo
